JEFFRIES TIPS HIS
FRIENDS ON FIGHT

Johnson Will Try to Wind For-
mer Champion by Drawing
Out Contest.

NEW YORK, Aug. 7.—Before sailing for Europe, James J. Jeffries is quoted as having told a New York friend his ring plans for the battle with Jack Johnson.

"Johnson's principal strength is in his defense," Jeffries is quoted as saying, "and he believes that my wind is not as good as it used to be. He will therefore try to cover himself and make the fight last as long as possible until he has me winded. While my wind is just as good as it ever was, I propose to make short and quick work of the negro by wading into him with all my strength in the early rounds, and I know I can tear to pieces before the fight has gone far."

HUNTSVILLE PEOPLE
DISLIKE GAME WARDEN

Special to The Tribune.

OGDEN, Aug. 7.—Unless John M. Grow, deputy game warden at Huntsville, is removed from office, resigns, or attends to the duties incidental to his appointment by State Commissioner Fred W. Chambers, game and fish in the Huntsville district will be as much a curiosity there as on the Sahara desert, according to Huntsville sportsmen who are obeying the law.

The complaint registered against Grow several days ago by people of Huntsville, who claimed that his relatives are allowed to violate the game and fish laws with impunity, has had but little apparent effect upon the deputy's attention to business, according to a Huntsville resident who was in Ogden today.

Al. Moore, the district warden, and Thomas Stoker, a special deputy, arrested Hans Nicholson and Will Hall at the Hermitage today in the act of disposing of fish said to have been caught illegally. Hall is a family connection of Grow and is said to have openly boasted that he fished whenever he pleased without a license and that Grow wouldn't arrest him.

YAMPA IS FAVORITE
IN BASEBALL MATCH

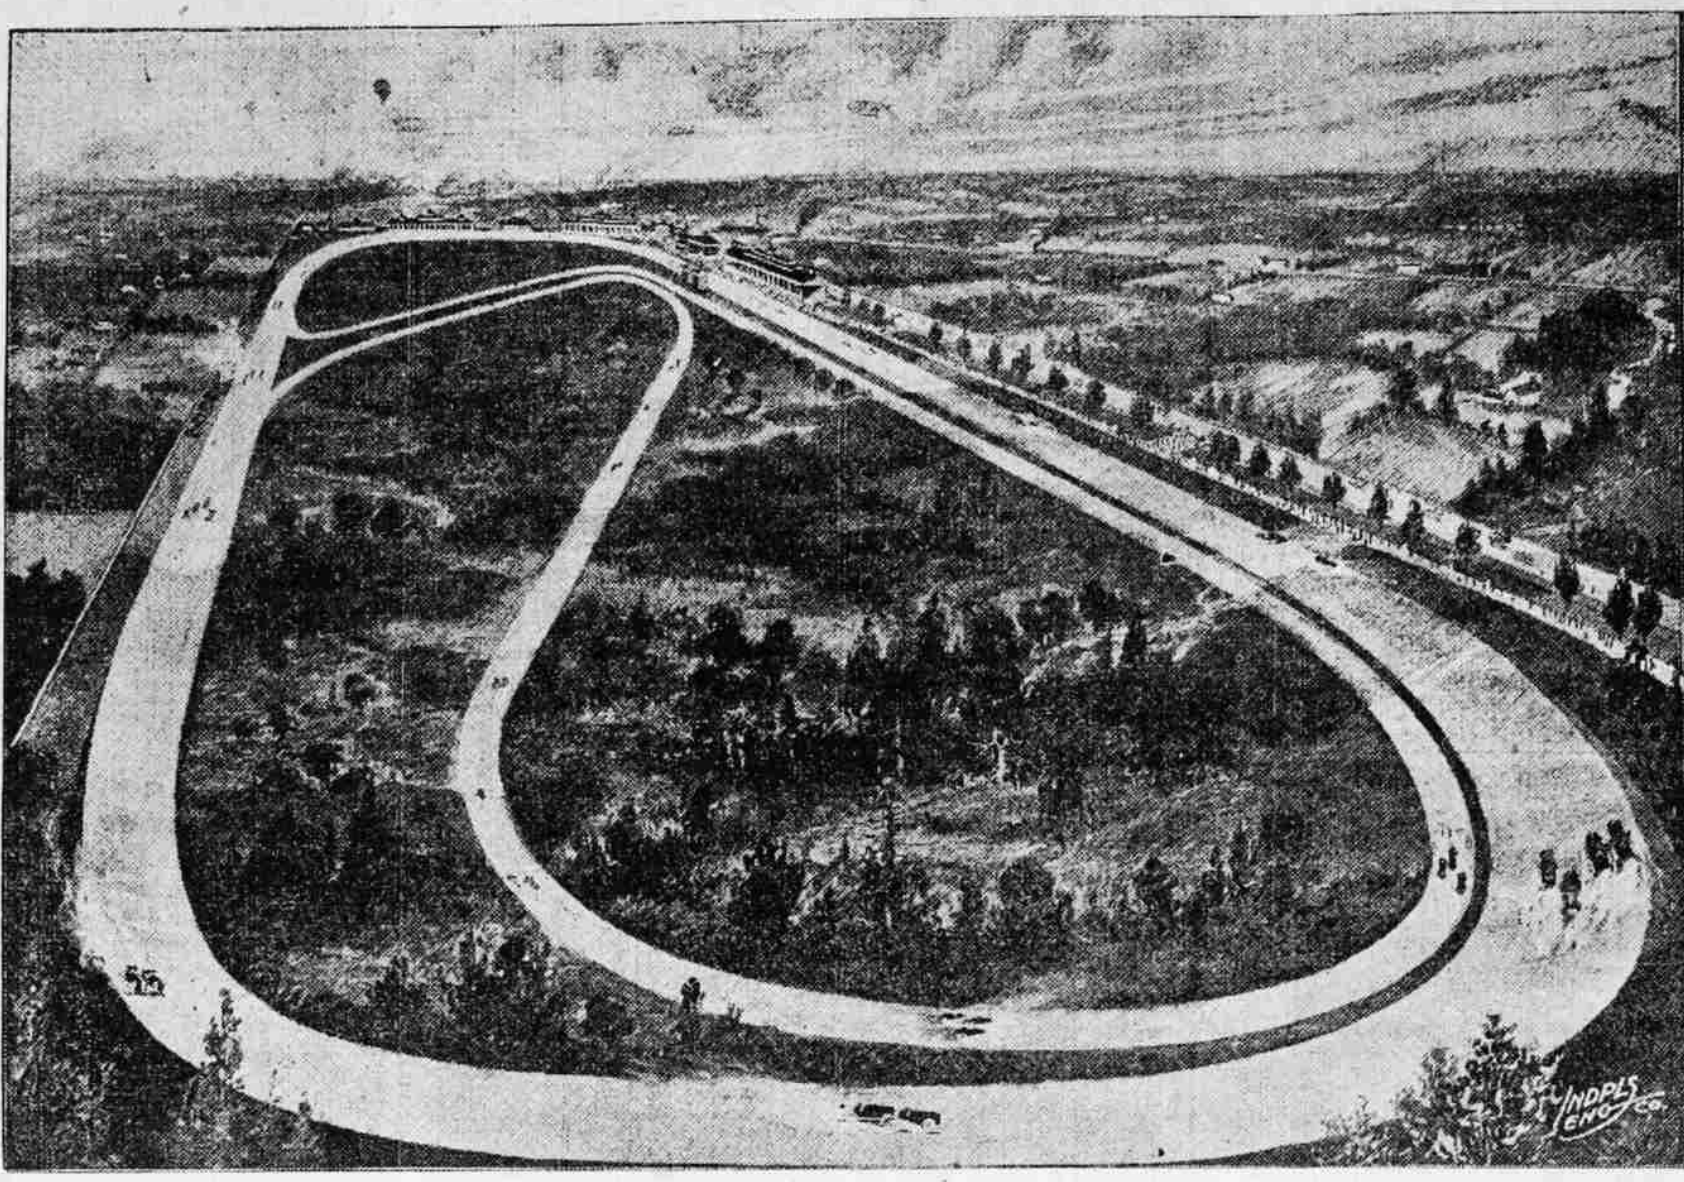

Special to The Tribune.

BINGHAM, Aug. 7.—There is a great deal of baseball interest here tonight in regard to the second match game to be played between the Yampas and the Commercial Clubs tomorrow afternoon on the Copperport diamond. One thousand dollars was posted tonight in small and large bets. Although Yampa was defeated last Sunday, the team is the favorite for tomorrow's game, and there is all kinds of money in sight that the smelter boys will win. Hensen will pitch for the Commercial, and Hennfield will hold down the rubber for the Yampas.

Southern Tennis.

LONG BEACH, Cal., Aug. 7.—Winnie Macce today won the men's singles championship of the Southern California Tennis association, easily defeating Ralph Noble, 6-1, 6-1, 6-3.

Max Sutton easily defeated her sister, Florence, for the women's singles championship, 6-0, 6-0.

INDIANAPOLIS MOTOR SPEEDWAY

The foregoing picture shows the finest automobile race track in the world. It is situated near Indianapolis and the course has already become famous the world over. The initial race meet is scheduled for three days, commencing August 19, and it is the opinion of all automobile experts that all world's records will be broken on this track before the close of the present year, for all distances which the racers may attempt.

Attends to Business.
Strict attention to his business was never given by Botther. When he had a watch on his wrist right for it. He never dissipated to any great extent, although he was never a total abstemious. He had his good times between bouts, but knew when to stop. And many a time he had a good time between bouts, but knew when to stop. And many a time he had a good time between bouts, but knew when to stop.

Dangerous Feet.
The way Botther can handle a foot is the way he can handle a foot. Just when an opponent would seem to have the hold, Botther would kick him in the head. Then away would go the foot, and the opponent would be left with a black eye. Botther was a dangerous man, and he was a dangerous man.

AUTOMOBILE RECORDS
BROKEN AT FORT ERIE

BUFFALO, N. Y., Aug. 7.—F. S. Lortner, driving a 40-horsepower Chalmers-Lester racer, in the Canadian championship race at 100 miles over the Fort Erie race track, ploughed through the fence in the ninety-sixth mile—this afternoon and was seriously injured. The driver was found unconscious, pinned beneath the wreck of his machine. He was revived later.

The event was won by Chevrolet, the French driver, who covered the 100 miles in 1:44:12 1-2. He shattered a world's record for 100 miles over a circuit track, held by himself, covering the first fifty miles in 1:19. The previous record was 1:22.

Indianapolis Speedway.
INDIANAPOLIS, Aug. 7.—Thirty-four cars, representing domestic and foreign manufacturers, already have entered the international motor races to be held at the new Indianapolis speedway on August 19, 20 and 21, and the list is not to be closed until August 10.

Ladies Cross Continent.

SAN FRANCISCO, Aug. 7.—After two months of continuous motoring in all kinds of weather, a party of four women who crossed the continent in an automobile made a triumphant entry into San Francisco today. The machine, which left New York on June 6, was to have been driven by Mrs. Alice H. Ramsey, who was accompanied by Mrs. R. M. Powell, Mrs. W. A. Wood and Miss H. Johns, all of Hackensack, N. J.

IDAHO FALLS WINS
FROM INDEPENDENTS

Castleton Will Pitch for Salt
Lake, While Collins Will
Oppose Him.

One of the best baseball games of the season was witnessed by a small crowd at the Walker field Saturday afternoon between the Idaho Falls and Independents, the former winning by the score of 3 to 1 in what proved to be a pitchers' battle between Hummel and McQuery.

At the end of the eighth inning the score stood 1 to 1, and in the last half of the eighth the Salt Lake boys had their only opportunity to win the game. Two men were on bases, with no one out, but Scott, Margetts and Sealman went out on hard chances which ordinarily would have been hits. McQuery allowed but two hits, while the visitors took five from Hummel.

The feature of the game was a three-base hit by Collins, who, in trying to steal home on a stretcher, was thrown out from right field to Castro, at second, to Scott at catch. Castro pulled off a pretty play in making a hard pickup, and while unbalanced caught his man at first, Margetts taking the ball from the ground. Harman scored three of the five hits made by his team.

The two teams will play again today, the game starting at 3 p. m. Castleton of the Cincinnati National league team and Barnard will be in the box for the locals, and Collins will pitch for the visitors.

BICYCLE RACES FOR
THE G. A. R. VETERANS

Manager Heagren has scheduled four bicycle race meets for the present week. Commencing Tuesday, races will be held Wednesday, Thursday and Friday. The meet on Thursday night will be for the benefit of the G. A. R. veterans, and all those who wear badges will be admitted free to the track.

The postponed program of last Friday will be run Tuesday. The feature on Wednesday will be a match race between Downing and Walker; on Thursday there will be a G. A. R. handicap, and on Friday there will be a five-mile open motor-paced race.

Automobile Gossip

Vanderbilt Cup Race.

NEW YORK, Aug. 7.—It was rumored that a number of New England automobile racing enthusiasts have started a movement to have the Vanderbilt cup race run at Lowell during the automobile speed carnival early in September. The original suggestion is said to have come from a Boston motorist who is quoted as saying it would be better to run a race for the Vanderbilt cup on the 10.6-mile circuit at Lowell than to abandon the classic event this year. One of the greatest problems that have vexed the Vanderbilt cup commissions in the past has been the difficulty of providing an adequately guarded circuit, and the men who are advocating Lowell declare with truth that the Lowell Automobile club had no trouble keeping their circuit clear last fall for their stock car races.

The absence of any announcement concerning a Vanderbilt cup race this year has led the New England men to think that the cup donor, William K. Vanderbilt jr., might consider a proposition from the Lowell clubmen. They think their plan a feasible one, as the Morris Valley circuit is being widened and prepared for the stock car races. The circuit will be oiled very thoroughly and the turns built up with cement, so that about the only additional expense of running a Vanderbilt race there would be for guards and flagmen. Efforts are under way to have President Hertz take up the matter with Mr. Vanderbilt.

Long Seriously Ill.

DENVER, Aug. 7.—Herman Long, the veteran shortstop of the National league and a member of the Boston team under the management of the late Frank Selee, is seriously ill in Denver. Long came to Denver several months ago because of lung trouble.

BOTHNER WORLD'S
WRESTLING WONDER

Lightweight Champion Has Had

Special Sporting Service.

NEW YORK, Aug. 6.—Champions have come and gone, but George Bothner is something like that brook Tennyson wrote about. George seems to go on forever. Nobody has ever termed the lightweight champion wrestler of the world the "Grand Old Man of the Mat." George has merely been overlooked. One who did not know the champion and to see him would believe him to be a youth of not more than 25 years. His appearance does not carry with it anything that would cause him to be pointed out as a wonder at anything in particular. He looks just like a successful clerk. There is nothing to denote that he possesses the brute strength a wrestler is supposed to have. For his weight and inches, though, Bothner is just about as strong as they come, and today, which is somewhere in his forty-third year, he is just as good as ever was. He still denies big or little as to throw him, and is just as sure as he is George Bothner that he would be as successful in throwing them in their efforts as he is in the past.

Athletic history says that when a man around the 35-year mark he can no longer stand a severe physical test or the hard work of training. That's about right, but in the case of Bothner there is an exception. The wrestling champion is about the only one who ever shared the distinction with old Bob Fitzsimmons. The latter was always regarded as a marvel, so why not Bothner?
